

Helping the world "Naturally"

Benefits of Owning a Michelle Lea Clinic

In the past this industry was labeled as "Alternative". As demand, regulations, and education standards have increased, Therapeutic Massage & Wellness have become widely recognized with the medical industry as valid "Clinical" healthcare that offers a new light to holistic approaches. Michelle Lea Massage & Wellness accepts and provides referrals between doctors, chiropractors, physical therapists and many other medical professions. Some insurance companies even recognize us as a "Respected & Reputable" complimentary healthcare clinic.

Our company is dedicated to bringing forth the new face of Alternative Holistic Healthcare. People of ALL AGES and backgrounds use us for their routine quality of life. We see teens with sports injuries as well as the elderly for quality of life. We serve our community and hope to serve yours as well. We have built our reputation with "Alternative healthcare at affordable prices to ALL".

Michelle Lea was the first to succeed within this industry and in her hometown and can teach you to succeed as well. Her company was built on integrity and honesty and she doesn't compromise her name or values for personal gain.

Our staff is dedicated to their careers and to helping you succeed. You will be supported by a team of professionals that have not only

"hands on" experience but the desire to watch this much needed industry expand.

You don't have to be a therapist to own your own clinic. If you are organized, detail oriented and can manage multiple therapists schedules we'll teach you the rest.

With a very affordable investment range of \$62,450-\$107,550, we'll let you decide what size facility you feel comfortable opening. Our clinics are designed to be an affordable start-up while not skimping on important features that clients need. We care about our franchise owner's development & success and we'll show you how to achieve both, reasonably and economically.

We encourage you to do your homework before making such an important life changing decision both to yourself and the lives of others. We want you to feel comfortable calling or emailing us with ANY questions or concerns.

Helping people manage their pain is an incredible privilege. Being part of the VERY FIRST Holistic Health Franchise is being part of history. This is your opportunity to be part of history by bringing Massage, Acupuncture, Holistic Nutrition, and various other Alternative approaches to your community while making a difference in the world....Naturally!
